Office Memorandum • UNITED STATES GOVERNMENT

TO : Director of Logistics

DATE: 26 MAY 1981

FROM : Acting Director of Security

SUBJECT: Status Report - New Building Cornerstone Ceremony

1. Reference is made to your request of 24 July 1959 for a status report on the various responsibilities assigned to the Office of Security in connection with the New Building Cornerstone Ceremony.

2. Arrangements have been made with the Superintendent of the Fairfax County Police to furnish 15 to 20 Fairfax County Policemen for the purpose of handling traffic on Route 123 as well as assisting in the direction of parking on the Site itself. The Fairfax County Police have also agreed to furnish, in addition to these traffic policemen, any plain clothesmen that might be deemed necessary for the new Site. The services of these Fairfax County Policemen, in addition to the Atlas Protection Service Guards presently assigned to the New Building Site and Office of Security personnel, are believed to be sufficient to handle all traffic efficiently and to safeguard against any safety hazards which may arise. The Superintendent of the Fairfax County Police has also indicated his willingness to render any additional police support that might be requested from the United States Secret Service.

3. In case of need for any additional guard services, tentative arrangements have been made with the Protection Branch, Buildings Management Division of the General Services Administration to secure such additional guards on a reimbursable basis.

4. [REDACTED] Chief, Physical Security Division, OS, has been designated by me as the coordinator with the United States Secret Service in connection with the attendance of the President at the ceremony. He has advised the Deputy Chief of the Secret Service of his capacity and will continue to maintain liaison as indicated.
